

THE HONG KONG INSTITUTE OF EDUCATION

The Registry (Admissions & Registrations)

Precautionary Measures Against Human Swine Influenza

1. JUPAS admissions interviews will be held on campus on 15-16 July 2009 with over 1,500 candidates to attend. Candidates will be advised to take note of a set of precautionary measures (see the web-link below) before they come for the interview.

2. Subsequent to the announcement of the Hong Kong SAR Government on 23 June 2009 that classes of all kindergartens, primary and special schools will not be resumed for the current school year, the following precautionary measures will be implemented for admissions interviews held on 15-16 July:

- A temperature checking counter will be available outside each reporting centre. All candidates will have their temperature taken before they attend the interview. This is a compulsory measure and that candidates refusing to have their temperature taken will not be allowed to attend the interview;
- Candidates with fever will be advised to consult doctor and make-up interview will be arranged, if necessary;
- The “Important Notes to Candidates Taking Admissions Interview/Test” (see the web-link above) will be distributed at the reporting centre;
- If the interview is conducted in the form of group interview, sufficient space between the candidates shall be ensured; and
- Candidates and panelists can get surgical masks and tissues at the reporting centre.
